A Message from the Chairman of the Board

Welcome to the Northern Medina County Chamber Alliance!

We are honored to have your consideration in joining the NMCCA and we hope you lean into the many resources that are available to you, including networking opportunities, advertising and promotion options, business advocacy, and chamber partner services, all which may assist in a more targeted connection and lower cost to your organization.

Over the past handful of years, the operations of the chamber have been revitalized and our membership continues to grow. You can trust you're aligning your business with an organization that has a strong foundation and we look forward to building upon that together.

One of the most effective ways to enhance your opportunity for business is through involvement. We encourage you to commit to attending our monthly member luncheons where you can expect friendly faces that soon become familiar. The chamber also offers several committees consisting of participating members to help plan events and provide support to the chamber. These committees are a great way to combine your own personal strengths and interests while building an even greater relationship with other business owners.

As you navigate your business and leverage the NMCCA over the next year, we hope you find being a part of the chamber an integral part of your business plan. We also find opportunities to share your time as well as your ideas to help make our chamber an even more valuable resource to our community.

Thank you again for your interest in becoming a member of the Northern Medina County Chamber Alliance. We are excited to have you join and looking forward to our partnership.
